

LITTLE WILDERNESS SCHOOL

Little Wilderness School brings medicine, science and the importance of health to children in an entertaining, exciting and fun way! Our program will teach children about some of the dangers in the wild and how to safely handle a medical situation. Students will learn about snake bites, hypothermia, how to tie a tourniquet, splint a broken leg, filter dirty water, 20 uses of a bandana and how to treat bug bites.

Our classes are led by a trained Little Medical School instructor. Each child receives a diploma, disposable lab coat, LMS bandana, thermal blanket and so much more!
